Golf Outing

Mission Background

The mission started as a relief from Hurricane Mitch. The team worked in a small town called Montañuela to build homes, provide medical help and bring clothing and school supplies. Since the near recovery of that town, the mission team has been able to work with several orphanages in different towns to build expansions, update homes, deliver clothing and other supplies and give medical care and in the last few years Vacation Bible School has been incorporated into our mission!

With God watching over the teams each year, much work has been accomplished and many hearts have been changed. However, there is still a lot of need in Honduras. The Hearts for Honduras mission team plans to return in 2013 to continue sharing God's love.

This year's mission

This year our mission team will be focused in Buenos Aires improving an existing school, providing medical attention and continuing Vacation Bible School. PIER has been a huge help with preparing lessons and songs for the children – they also enjoy craft time! As always, collected clothing, hygiene products, toys, school supplies and more will be distributed throughout the village.

Your support makes our missions successful. Join us for the golf outing to help make an impact!
